## Large flowering Gladiolus

The Gladiolus are now greatly favored flowers in the United States of America and need no lengthy description. The improved strain of these magnificent flowers produces enormous spikes of very large and strikingly colored blooms of enchanting beauty. They have a very commanding appearance in borders, in groups among shrubs where they remain in bloom for a considerable time, while they are also greatly praised as cut flowers for bouquets and vases.

We draw special attention to our magnificent collection of Novelties and outstanding varieties of recent introduction. Many have been tested at Squire Valleevue Test Gardens at Cleveland and by the West Virginia Gladioli Society Testing Committee and we recorded where possible the results of these important trials. The assortments offered in this catalog hold promise of many interesting surprises.

We shall be pleased to have any comments with regard to the behavior of any variety of Gladiolus from all the 48 States.

 The prices quoted are for Large and Jumbo bulbs.

# Acidanthera Murielae

(Abyssinian Wildflower)

A richly scented flower that has all the characteristics of the Gladiolus family, though the silver-white florets are of quite a different habit and show in the centre a large deep maroon-purple blotch.

They grow to a height of 2 to 3 feet and are of an extremely graceful appearance. During the winter the corms of the *Acidanthera Murielae* require to be kept in a warm, dry place.

Plant after 1st of March 3 inches deep and 5 inches apart, they take a long time to develop and do not flower much before September.

**Acidanthera Murielae** . . . . . 85 cts. per doz.; \$ 6.00 per 100

# Anemones

They excel in richness, being of all shades and colours and can be had in bloom from early spring till July, if planted in succession from October to April. They flourish in any garden soil and should be planted four to six inches apart and one or two inches deep. The roots should always be kept in a perfectly dry place before planting as they are extremely sensitive to dampness.

**St. Brigid**, (Semi-Double), we offer a splendid mixture comprising a great many rich colours and very pleasing shades, this lovely Anemone cannot be too highly recommended and should be planted in generous quantities. See illustration.  
45 cts. per doz.; \$ 3.00 per 100

**De Caen The Bride**, a single white flower held on tall stems; fine for cutting. 45 cts. per doz.; \$ 3.00 per 100

# Superb Begonias (Bulbous)

(Shade-loving)

We offer a very fine strain of Begonias, which produce beautiful large blooms of erect habit. Their culture is very easy and simple, but the best method is to start them in a cold frame. When a little hardened off and when night-frosts are no longer expected they should be planted out in the garden, where they produce a blaze of colour for several months. We can also strongly recommend them for indoor culture.

Early orders are earnestly requested, so that we may make arrangements beforehand for shipping your order in good time. **No orders for Holland are accepted after 1st of April.**

**Substitution.** In the ordinary course of business we do not substitute, as is so often done, without the authority from Customers. Sometimes, however, it occurs late in the season that a particular variety is sold out, or that from failure of a crop, or some unforeseen cause, the exact instructions of the order cannot be carried out. We therefore beg our Clients to inform, if they object to substituting other varieties, if not we shall always use our best knowledge and ability to send good varieties, of equal merit, usefulness and value. If we do substitute, we wish it to be distinctly understood, that we shall always give the name of the variety sent.

**Customers are invited to examine the goods on arrival** and to check the contents of their consignment. Paper bags should be opened, so as to allow fresh air to the bulbs.

**All quotations** are made out in U.S.-Dollars and without engagement. The execution of orders, even if accepted, is subject to accidents such as fire, strike, alterations in tariffs or governmental regulations.

**Collective or group orders.** We strongly recommended our Customers to join with Friends or Neighbors to make up a group order. Horticultural Societies, Garden Clubs, Institutes, Schools etc. are advised to pool their orders. The different individual orders are all properly packed and labelled separately so that they can be easily distributed. The smaller boxes and parcels will be placed in one or more large cases and are shipped to the sender of the order.
